

# Worshiping Community

Today people are looking for new ways and new places to worship and study. The Cumberland Presbyterian Church has the human resource, technology, and skills to provide and address that need. A Worshiping Community will answer this need and will take you on a new and rewarding spiritual adventure.

- Worshiping Communities are being created for those who do not know Christ, for those who want to know Christ, and for those who already know Christ and need a community to worship.
- A worshiping community meets where it is feasible because the purpose is to create a space where we get to pray, to have Bible study, to eat together, to share time, possessions, and space together, and to get involved in the needs of the community.
- You can help provide as many opportunities as possible for as many people as possible to hear the gospel of Christ. You can gather a group for worship, study, and fellowship opportunities. You can start a worshiping community. A worshiping community allows you to lead from your strengths. You get to gather people who respond to your particular leadership style into a worshipping community open to being led by your gifts.
